WORK EXPERIENCE

Innodatatics, Inc.LTD.   **Jan. 2022 – Jan.2023**
Intern - Associate Data Scientist   *Hyderabad, India*

- Worked in Forecasting project for **3 months** with a small team of 10 developers. Researched and audited 500+drugs, antibiotics, diseases policies. Deployment for various AWS services and ML algorithms.
- Created python scripts in X-GB ML algorithm to predict the mortality rate of patients using various Data Mining processes and feature selection for big data.
- Created **Tableau data visualization** scripts for 10K+ patients data and applied them to the **X-GB machine** learning algorithm for better insights and clear view to clients
- Documentation, audit and remediation of all the policies

Metalman Auto PVT. LTD.   **Mar. 2016 – Mar. 2018**
R & D Engineer   *Aurangabad, MH*

- Worked in Bajaj's Vikrant125 project for **1 years**. As a Tier-3 specialist, provided Bajaj technical support and platform issues, regularly tested and data entry based on numerous services
- Worked as Tier-2 Data Entry Specialist, guided by Tier-1 team to extract data using SQL and published reports from staging environment to production
- Worked as a Team lead and led a team of 15-20 people for a 6 months
- Managed escalations, outages, improved project processes and helped clients to achieve their goals
- Worked on Process automations, Collaboration tool Advance Excel.

EDUCATION

M.G.M., Dr. G. Y. Pathrikar College of CS & IT, Aurangabad.   **Apr. 2018 – Sep. 2021**
Bachelor of Science, Computer Science   *Aurangabad, MH*

- 71.40% from Dr. B. A. M. U, Aurangabad.

Hari Om College of Science, Aurangabad.   **Feb.2017 – Feb. 2018**
Higher Secondary   *Aurangabad, MH*

- 70.46% from Maharashtra State Board, Pune.

Advance Diploma in Tool & Die Making, Aurangabad.   **Aug.2011 – Feb. 2011**
Diploma   *Aurangabad, MH*

- 72.51% from Ministry of MSME, Delhi.

Baliram Patil Vidyalaya, Aurangabad.   **Feb.2010 – Feb. 2011**
High School   *Aurangabad, MH*

- 94.36% from Maharashtra State Board, Pune.

PROJECTS

- **Project Title**: **Mortality Risk using Factor Analysis**
- **Domain** - Hospitality and nursing
- **Duration** - Jan. 2022 - Mar. 2022
- **Technical Stack**: Python, Pandas, Scikit learn, Feature selection, PostgreSQL, X-GB Machine Learning Algorithm, Tableau.
- **Objectives**:

- Formulation of the problem statement and identification of dataset.
- Conducted data mining to gather insights.
- Identified various algorithms for predicting mortality risks.
- Applied X-G Booster algorithm for predicting the living rate of the given patients age between 51 -110 years old.
- Experience in preparing Project Charter and Monitoring solutions.

- **Project Title: Sales Analysis of Cement.**
- **Technical Stack**: Tableau prep., Tableau Dashboards
- **Duration**: Apr. 2022 - May. 2022
- **Objectives**:

- Formulate the dashboards using the sales values.
- Prepared interactive dashboards using tableau.
- ETL using tableau and PostgreSQL.
- To target the sales quarterly of the years.

- **Project Title: Auction Platform on Blockchain.**
- **Technical Stack**: Remix IDE, Metamask wallet, Ganache, IPFS, Solidity
- **Duration**: Feb. 2023 - Feb. 2023
- **Objectives**:

- Create smart contract using solidity with 0.8.19 version on London EVM.
- Deployed smart contract on Remix IDE.
- Connected to the Metamask wallet for gateway to Blockchain technology.

- **Project Title: Art Selling Platform (NFTs) on Blockchain.**
- **Technical Stack**: Remix IDE, Metamask wallet, Ganache, IPFS, Solidity, ERC-721
- **Duration**: Feb. 2023 - Feb. 2023
- **Objectives**:

- Create smart contract using solidity with 0.8.19 version on London EVM to buy and sell.
- Deployed smart contract on Remix IDE using ERC-721 standards.
- Connected to the Metamask wallet for gateway to Blockchain technology

SKILLS & CERTIFICATIONS

❖ **Skills:**

- Blockchain Fundamentals Web 3.0
- Hyperledger
- Ganache
- IPFS (Inter Planetory File System)
- GitBash/ GitHub
- Python – Pandas, Numpy, Sklearn, Seaborn
- Tableau
- PostgreSQL
- Advance Excel
- Machine Learning
- Natural Language Processing

❖ **Certifications**:

- Machine learning using Python, IBM.
- Data Science using Python & R, 360DigiTMG, Hyderabad.
- Artificial Intelligence, 360DigiTMG, Hyderabad.
- Tableau Certification, 360DigiTMG, Hyderabad.
- Artificial Intelligence, UTM, Malaysia.

Interests:

- Calligraphy
- Sketching
- Wall painting
- Anime Sketch
- Snooker
- Cricket
- Reading mythical books

More Information:

- Name: Rajesh Digamber Hiwale
- Date of Birth: May 14, 1995
- Linguistic Knowledge: English, Marathi, Hindi, Japanese.
- Emergency Contact Details: +91 9923668833, +91 9834686359 (Brother)
- Availability: Available on request.
- Native Place: Aurangabad, Maharashtra.
